---

---

### ***INSTRUCTIONS***

**Answer any four questions.**

Each question carries 25 marks

Marks will be given for good examples.

---

**1)** Explain how program management and project management differ. Give clear examples in your answer. **[25 marks]**

**2)** With reference to a programme of your choice, describe the programme management process. **[25 marks]**

**3)** Choose a project that you have done earlier on. Give a critical review on the gender sensitivity and sensibility from the planning process till its implementation. **[25 marks]**

**4)** Planning is a very crucial aspect to achieving any intended goal. Choose a project of your choice and describe fully following the planning process how you will achieve your intended goal. **[25 marks]**

**5)** Explain why programme and project management have remained a challenge for many institutions and how this can be improved. **[25 marks]**

**THE END**
