Question 1

“The history of all hitherto existing society is the history of Class Struggles,” (Karl Marx and Friederich Engels). With the use of contemporary cases, explain the extent at which the relations characterising the Global North and Global South have been about class struggle postulated by Marx and Engels.

Question 2

Citing examples, outline and discuss common problems faced by Global South States and propose solutions to such. Make reference to five states of which three should be in Africa.

Question 3

Write a position paper advising the Minister of International Trade of your country on how Liberalism could be a useful theory to kick start development in your country.

Question 4

Discuss the link between development and democracy giving contemporary examples.

Question 5

How does regional integration counter global north domination on global south states?

Question 6

As the Advisor of the newly appointed African Union Chairperson you have been tasked to write a brief on the continued relevance of Dependency Theory up to this day. Outline the salient components of the task.
