LECTURER: MR. PHILLIP BOHWASI

DURATION: 3 HRS

INSTRUCTIONS

1. Do NOT write your name on the answer sheet.
2. Answer **ONLY 3** questions.
3. Begin your answer for each question on a new page.
4. Each question is worth 20 marks.
5. Credit is given for neat, well-written and well-structured work.

1. In view of the challenges that are facing social work today, discuss each of the 6 analytical process concepts that underpin social work assessment processes today.
 2. Donald Schon (1987) identified two forms of reflection models that help to expand the reflective practice models. Outline and discuss the two models of reflection.
 3. Analyse the key strategies (anchor principles) for reflective supervision (Turney 2009), and provide an acceptable framework for a good analytical assessment.
 4. According to Brown (2011), the concepts below graphically reinforce the need for sound analytical and reflective thinking in social work practice. Elaborate on each of the concepts as follows:
 - a. analysis (4 marks)
 - b. intuition (4 marks)
 - c. critical thinking (4 marks)
 - d. hypothesizing (4 marks)
 - e. reflection (4 marks)
 5. Examine the relevance of analysis, critical thinking and critical reflection in light of the negative criticism and report on social work practice and explain how these have positively affected the modern day-to-day social work practice.
