2. Use Answer Sheets Provided

3. Begin your answer for Each Question on a New Page

4. Credit is Given for Neat Presentation

5. Answer all questions in Section A and any 2 (two) in Section B

6. Section A carries 40 marks. Question B carries 20 Marks.

.

SECTION A

1. Health Law is a fairly new discipline of study. Choose any three categories under which Health Law can be divided and describe fully what these categories entail.

(10 marks)

2. The International Labor Organization (ILO) is one organization that has prioritized the health of employees.

Give a brief background of how the ILO was born, its uniqueness to other UN bodies and describe elaborately on why employees have and continue to benefit from the existence of ILO. (10 marks)

3. Medical Health Insurance cover is actually a necessity for every human being. Currently in most developing countries and a few developed countries, health insurance is still for those who can afford it.

- i) Describe fully the importance of a health insurance policy. (3 marks)
- ii) Explain your perspective on having health insurance for all citizens of a country (7 marks).

4. Social determinants of health are “... concerned with the health implications of economic and social policies, as well as with the benefits that investing in health policies can bring”.

Explain the above statement in terms of the determination of health of an individual and a country. (10 marks)
