Answer **ONE** question

Credit is given to application of theory and practice

Plagiarism attracts a penalty

Question 1

Africa's Agenda 2063 has 15 flagship projects. Identify 6 of them and for each project discuss the following:

- i. The strategies put in place to achieve them **(30 marks)**
- ii. The extent to which each project can improve relations among African countries. **(30 marks)**

Question 2

You are responsible for international relations in an African country (of your choice) where an Ambassador of Italy got killed in an attack while on UN convoy. The government blames the rebels for this killing but the rebels deny an involvement in the killing. The Italian government argues that the killing was targeted. This blame shift is now threatening the relations between your country and Italy. Italian citizens have begun to ask for answers from your government on social media platforms while your superiors still think it's too early to make an official statement

- i. Discuss ways in which your country's relations with Italy may be affected **(20 marks)**
- ii. To what extent do you think the relations can be mend and why? **(20 marks)**
- iii. Develop an argument to convince your superiors why it could be best to make an official statement **(20 marks)**

Question 3

International institutions serve various purposes range from being stabilizers and enablers, regulators and benchmarks providers. Identify 1 of each and:

- i. Discuss its mandate in international relations **(40 marks)**
- ii. Examine what could be different if the institution was not established **(20 marks)**
