presentations

Question 1

General (Rtd) C.G.D.N. Chiwenga has been nominated as one of the three nominees for the Nobel Peace Prize. As such you have been approached by the Nobel Peace Prize Committee as a Peace, Leadership and Governance Expert from Africa University to make a submission on why he should be awarded the Nobel Peace Prize. You have been advised by an insider that although he stands an equal chance like the other two nominees to land the first prize, there is some misgiving on his role in the “2017 coup” that removed former President Robert Mugabe from power. Using your knowledge of coups that you have gathered over the years, present a paper on the pros and cons on the suitability of his candidature.

Question 2

Elections have been held in Uganda, Malawi, Zambia, South Africa, Zimbabwe, Guinea, and Mozambique and you have participated in all seven countries as the leader of the African Union Observer Mission. Based on your experience, you have been requested by Fort Hare University to deliver a paper entitled “Understanding the reasons for the disparities in the Election Observer Reports from SADC, ECOWAS and AU as opposed to Election Observer Reports from the European Union”. Your paper should include possible recommendations for future Observer Missions.

Question 3

You have been a refugee stationed at Tongogara Refugee Camp for five years. The United Nations High Commissioner for Refugees (UNHCR) has requested that you come to present your experiences at the camp highlighting problems encountered by refugees. Your report should indicate possible policy changes that need to be made so as to improve on the life of refugees in host countries.
