---

**INSTRUCTIONS**

Do NOT write your name on the answer sheet.

Answer One question from the Three questions.

1. ~~“Cross-cultural psychology is concerned with the study of differences in behavior and thought between cultures.”~~ *“Cross-cultural psychology is concerned with the study of differences in behavior and thought between cultures.”* and c).  
Begin your answer for each part of the question on a new page (e.g. a), b), and c).  
Each question is worth a total of 100 marks.  
Credit is given for neat, well-written and lucid work.

With the help of examples, discuss this claim.

2. You are employed in a foreign country where they have totally different cultural practices from your home country. With the help of relevant examples, discuss the major cultural

tenets you will consider to be a priority for you to smoothly learn and stay in the new cultural context that you are in.

3. Different ethnic groups and religious sects practice have different cultures in line with their established beliefs. Assess the possible psychological effects of the culture or practice of child marriages in the Zimbabwean society.
